Sponsor Application

CAL-RODS Car Club was established at Baldwin Park High School in 1954. Our purpose is to establish a family oriented social club, promoting the enjoyment, restoration, and preservation of street rods and classic cars. We have over 350 active members with 153 families in the total. CAL-RODS supports several local charities. Your partnership and support are valuable and necessary for our success.

For a small annual fee of \$100, CAL-RODS Car Club will place your logo or business card on our website (<https://cal-rods.org>) for one full year with a hyperlink to your own website. The logo or business card will be displayed for 12 months viewable by our members and the public.
